  <section id="about">
    <h2>About Me</h2>
    <p>Hello! I am G Harsha Vijaya Sai Ram.I am a first-year B.Tech student specializing in Artificial Intelligence and Machine Learning (AIML) at NRI University. I am passionate about technology, programming, and innovation. I have a strong interest in Python programming and enjoy learning new technical skills. I like solving problems, exploring Artificial Intelligence, and developing creative projects. My goal is to become a skilled engineer and use technology to solve real-world problems..</p>
  </section>

  <section id="education">
    <h2>Education</h2>
    <p>I am currently pursuing my B.Tech in Artificial Intelligence and Machine Learning (AIML) at NRI University. I am in my first year and learning the fundamentals of programming, computer science, and artificial intelligence. I completed my previous education in Narayana high school and intermediate in Narayana junior college. I am eager to expand my technical knowledge and develop skills that will help me achieve my career goals.
  </section>

  <section id="hobbies">
    <h2>Hobbies</h2>
    <p>My hobbies include coding, learning new technologies, and exploring Artificial Intelligence. I enjoy solving problems, listening to music, and playing games in my free time. I also like improving my programming skills and working on creative projects. These hobbies help me develop my knowledge, creativity, and problem-solving abilities.</p>
  </section>

  <section id="skills">
    <h2>Technical Skills</h2>
    <p>I have a strong interest in programming and technology, especially Python. I have good knowledge of Python programming and am learning web development using HTML, CSS, and JavaScript. I am also interested in Artificial Intelligence and Machine Learning. I enjoy solving programming problems and continuously improving my technical skills to build innovative projects.</p>
  </section>

  <section id="projects">
    <h2>My Projects</h2>
     <p>I enjoy creating projects that help me improve my programming and technical skills. My projects include a Personal Portfolio Website using HTML and CSS to showcase my profile, education, and skills. I am also interested in developing Python-based applications and exploring AI-powered solutions. Through these projects, I aim to gain practical experience, improve my problem-solving abilities, and develop innovative ideas.
          </p>
          </section>
   <section>
    <h2>Achievements</h2>
    <p>
I am continuously working to improve my technical knowledge and programming skills. I am passionate about learning new technologies and exploring Artificial Intelligence and Machine Learning. I am interested in participating in hackathons, technical workshops, and coding competitions to gain practical experience. My goal is to achieve academic excellence, develop innovative projects, and build a successful career in the technology field.</p>
